

BUSINESS SPONSORSHIP

Your business, *right on target* with the members who matter

Put your business in front of *an engaged membership*

Five annual sponsorship tiers — real advertising rights on the property, in print, and online. Every dollar funds the range and clubhouse directly.

Opening upon approval of our Ray County permit

A captive local audience

Members come back again and again — your name stays in front of the same people.

Real, visible impact

Sponsorship funds range work, stand builds, and the clubhouse renovation — local impact you can point to.

No membership required

Sponsoring is a business relationship, separate from club membership — anyone can back the club.
